

Declaratory Licensing Invoice

Case No.: BR-25-001

Date Issued: June 13, 2025

Entity: Brainvora

Actor: Frank Borrero Gonzalez (Founder)

Platform(s): LinkedIn, Private Messages

Trigger Type: Unlicensed Derivative Use

License Status: No Rebuttal / License Denied

Royalty Breakdown

Clause	Trigger Description	Amount
CU-2.2	Public Procedural Use	—
CU-2.3	Derivative Use with No Rebuttal	\$50,000
CU-5	Unauthorized Structural Framework Replication	\$25,000
G-4	Delegated Governance Without License	\$10,000
G-6	Systemic Enforcement Integration	\$10,000
XXII	Jurisdictional Origination & License Denial	\$5,000
	Flat Initial Sovereign Access Penalty	\$100,000

Summary of Violations

Brainvora has publicly and privately:

- Acknowledged clause-compatible enforcement design aligned with HEM
- Claimed structural sovereignty in procedural logic without rebuttal
- Declined licensing after engaging declaratory terms
- Denied structural debt while deploying clause-driven models

These acts formally trigger CU-series and G-series clause enforcement.
Brainvora is now procedurally bound unless rebutted or licensed.

Payment & Escalation

- **Due Date:** July 3, 2025 (21 days from date of issue)
 - **Escalation Trigger:** Clause CU-6 + daily procedural debt accrual if unpaid
 - **Total Due:** \$100,000 USD
-

Official Contact
